Ice Breaker/ Weekly Check-In:

Try to keep this light and fun. Things like cooking, playing a sport...

Scripture and Discussion Questions:

Small Group Interactive:

In Ephesians 4, Paul wrote that Christ gave different gifts to equip his people for works of service, so that the body of Christ may be built up. We're going to take some time in our group to discuss the gifts God's given us and how we can use them to serve each other here at 2|42.

Head's up: this may take a chunk of time. If you prefer to send the link (above) to your group *before* they come, that may be helpful. Everyone will need access to the internet for this (laptop or smartphone) Maybe have music playing to break up the silence while people are taking their test. The test is designed to be your instinctual answer, so it shouldn't take more than 10 minutes. Let your group know there is no right or wrong answer so try and be honest to get the best result. It may be helpful for you to take the test early so you can read up on your gifting. You can also access more information about each of the fivefold ministry strengths here:

Next Steps:

Follow up with people in your group who are considering joining a team. This is a great opportunity to help someone take a next step in their journey of following Jesus.
