

discipleship at 242

I commit myself to the teachings of Jesus through biblical study, practice, and community in developing disciples. I agree to the following statements:

- I agree to spending time with my disciple, which should include at least six sessions of 30 minutes to two hours in length, depending on study/discussion.
- I agree to be prepared to study scripture and walk alongside my disciple as we explore and commit to being a disciple of Jesus Christ.
- I agree to prepare my disciple to launch into a next step with 2|42 (baptism, small group, teams, etc).
- I agree that I am not a mental health provider and will provide options available to my disciple for those services.
